## Sample Checkpoint Clues

From Urban Challenge Phoenix • February 2, 2002

### CHECKPOINT 1

Within ¼ mile of Phoenix Live at the Arizona Center, a building exists that has the same name as one of the properties in a standard game of Monopoly. Find this building because Checkpoint 1 is the sign in front of this building.

### CHECKPOINT 2

Believe it or not, there is a statue of a man on a horse between Central and Fourth Avenue inside the area known as Copper Square. The statue is Checkpoint 2.

### CHECKPOINT 3

**CW.** These initials that rise above the entrance to a popular downtown Phoenix restaurant and bar are Checkpoint 3.

### CHECKPOINT 4

Years ago, this spot was located between Central Avenue and 2nd Street south of Washington. Checkpoint 4 is the east-facing clock at the new location for this high traffic spot.

### CHECKPOINT 5

Checkpoint 5 is the structure located at 317 \_\_\_\_ Montebello. Is it East or West? To find out, determine which conference the 1994 NBA Championship basketball team hailed from. The first four letters of the answer to this question will fill in the blank for Checkpoint 5.

### CHECKPOINT 6

Checkpoint 6 is located at "10x+7" East Missouri where x is represented by the following algebraic formulas:

$$15x+12=6y+33$$

$$4y=8x$$

### CHECKPOINT 7

The street sign at the corner of a street and avenue described in the following clues is Checkpoint 8.

**Street Clue:** In a typical craps casino game, the higher of the second most likely numbers to be thrown on any given roll.

**Avenue Clue:** Name of Avenue appears to be a combination of the names of two states, one of which is known as the Land of 10,000 Lakes.

### CHECKPOINT 8

Unscramble the letters below to discover the location of Checkpoint 7. The checkpoint is any one of a number of signs east of this Phoenix institution.

V I X E R A

### CHECKPOINT 9

Checkpoint 9 is any one of a number of signs that welcome visitors to this location. Fill in the blanks below to discover the name of this location. To assist you, the key below lists the remaining letters and how many times each letter is used in the name of this location.

— — — — — T — — —  
— — — L — — — —

A twice, C once, D twice, E twice, H once, I once, N three times, S once

### CHECKPOINT 10

Checkpoint 10 is the structure located at 917 West AAA where AAA represents the street that shares the same name as the city Urban Challenge plans to visit on June 15, 2002.

### CHECKPOINT 11

Between Seventh Avenue and Seventh Street, south of McDowell and north of Van Buren is a stylin' establishment that serves as Checkpoint 11. This establishment has a two-word name; a clue for each word is listed below. Checkpoint 11 is any signage at this establishment that includes the name:

**Clue for 1st word:** \_\_\_\_\_

A lively and colorful pattern; also a city in Scotland where pattern originated.

**Clue for 2nd word:** \_\_\_\_\_

Musical instrument with four strings usually played with a bow.

### CHECKPOINT 12

This well-known establishment first opened its doors to the public on June 14, 1971, in London, England. Although it was initially decorated with an eye toward eclectic Americana, this establishment has ultimately become the world's leading collector and exhibitors of rock 'n' roll memorabilia. The ostentatious signage for this establishment, located in Copper Square, is Checkpoint 12.
